Science Field Investigations: The Tech & Rosicrucian Museums

Spend a day at the Tech Museum experiencing a variety of hands on exhibits that emphasize technology, innovation and the human spirit. Along with learning about science by doing science, students will also have an opportunity to experience a presentation at OMNI Max Theater. In the afternoon we will visit the Rosicrucian Egyptian Museum where students will tour an amazing museum inspired by the Temple of Amon at Karnak, the museum houses the largest collection of Egyptian artifacts on exhibit in the western North America -- including objects from pre-dynastic times through Egypt's early Islamic era.

February 2, 2010 (SIGN-UP BY THURSDAY, JANUARY 28)

Cost: No cost to students

This Field Trip is required for Integrated Science students.

Yes, I plan to participate in this Field Trip. Please reserve a place for me.
